

Consumer logistics

From source to shelf, keep your goods moving reliably around the world.

As consumer preferences change and markets become more competitive, our experts help you drive success across your entire value chain.

Whether you move fashion, beauty, lifestyle, or household goods, your supply chain has to adapt. Our logistics professionals collaborate with you to realize growth opportunities and implement strategies for your vision.

Get a wide range of 3PL and 4PL services throughout our global network. Solutions are designed and implemented to meet your unique business needs. With our technology platforms, you get 24/7 data visibility to meet the demands of a speed-to-market environment.

Consumer logistics

From manufacturer to final mile delivery, get services that support storefront, e-commerce, and omni-channel supply chains. When you need copacking, inner box picking, or crossdock facilities, our logistics team has solutions for every challenge.

We offer global expertise with flexible and scalable options that help you navigate an evolving marketplace.

- Develop inventory strategies that increase service requirements and let you operate at the lowest variable cost per unit
- Negotiate the intersection of digital and offline as new supply chains are created
- Capitalize on trends in consumer lifestyles
- Respond to buying power of end customers
- Support for the increased demand of sustainability in supply chains. Our sea explorer and KN Pledge services help you make informed decisions and reduce CO2 emissions.
