

Cross-border Road Logistics

Well-traveled across North America

Simplify your shipping experience between
Mexico, the United States and Canada.

Cross-border

As demand increases, our strategic border locations in Mexico, the U.S. and Canada keep your shipments moving seamlessly between countries.

Single point of contact for managed complexity.

Shipping internationally, even in North America, has its challenges. Whether you're managing multiple parties and providers, lacking full shipment visibility, or missing regulatory and compliance knowledge, the process is complex.

Get more control over your operations with a single point of contact who understands your unique business needs. Our cross-border experts manage all aspects of each shipment and prevent unwanted delays.

Your freight ships securely within our network of thoroughly vetted carriers. We ensure your cargo is in the best of hands while in-transit and in the right hands upon delivery.

With offices and warehouses across North America, you get local expertise and regulatory know-how everywhere you ship.

Customs brokerage

Avoid delays, minimize errors, and stay informed about changing compliance laws with our in-house, bilingual U.S. and Mexico customs brokerage teams.

Always be in-the-know with regular progress reports and critical event alerts.

Transportation

No matter how you move cargo, get access to special handling options for temperature control, flatbed, security escort, and more.

Demands change during peak season. Additional capacity is available through our multiple partnerships with fully evaluated carriers.

Warehousing and distribution

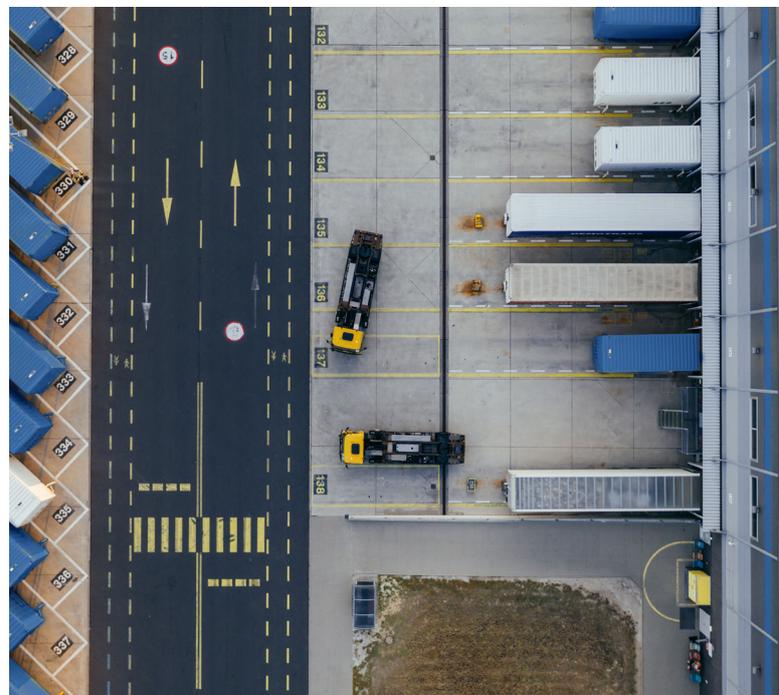

Maintain control and always have an eye on your cargo with real-time data via our warehouse management system (WMS).

Foreign trade zone (FTZ) and bonded warehousing options available, along with cross-docking, transloading, consolidation, and deconsolidation services.

Cross-border, completely managed

We take care of all the details. Solutions are customized and managed based on your requirements for:

- Customs brokerage
- Transportation management
- Warehousing and distribution

Gain a competitive advantage

Strategic locations

Flexible solutions with our established footprint on the border of Mexico/US and US/Canada.

Milestone reporting and KPIs

Mutually agreed upon metrics, to ensure efficiency goals and SOP adherence.

Visibility and control.

Direct access to location and status information of your active shipments, in real-time.

Control tower management

A full-service logistics department ready to optimize and manage brokerage, storage and distribution.

Bilingual support

Rest easy knowing that your cargo is in the hands of fully bilingual and expert cross-border teams.
